

# Spanish 2 Assignments for the School Closure

**PLEASE READ THIS CAREFULLY:** During the school closing here are my expectations for Spanish 2 work to be completed by the time we return to school. These assignments will be posted through the **WEEBLY** or **CONJUGUEMOS**.

## Chapter 3 Review Packet

- Posted on the Weebly page
- This was passed out to students who attended class on Friday, March 13<sup>th</sup>, if you didn't you will need to find a way to print a packet for yourself or record all of your answers on lined paper.

## Chapter 3 Test

- This will be posted on Conjuguemos on **Monday, March 16<sup>th</sup>** (I will send an email once it is posted).
- This will be available to take on Conjuguemos until Sunday, March 22<sup>nd</sup> (one week) then it will close.
- You may use your materials on it, but there will only be ONE attempt allowed per student.
- **MAKE SURE WHEN YOU LOG IN TO CONJUGUEMOS YOU CLICK OVER TO THE QUIZ TAB!**

## Chapter 4 Packet

- Posted on the Weebly page
- This was passed out to students who attended class on Friday, March 13<sup>th</sup>, if you didn't you will need to find a way to print a packet for yourself or record all of your answers on lined paper.
- This packet includes notebook entries 32-34. These must be added to your notebook by the time we return and your table of contents need to be updated along the way.

**NOTE:** I realized that some of the notebook entries are printed on the back of other essential pages of the packet and so you can't easily take them out of the packet and glue them in your notebook without affecting other pages in the packet. As a solution you can access the Chapter 4 Packet link on the Weebly and print the notebook entry pages separately, or you can simply write them in your notebook copying the format from the notebook entries provided.

## Miguelito Reading Packet

- Posted on the Weebly page
- This was passed out to students who attended class on Friday, March 13<sup>th</sup>, if you didn't you will need to find a way to print this or record all of your answers on lined paper.
- This isn't aligned to the textbook it is just a short story in Spanish to help you keep up with your reading skills.

## TEXTBOOKS:

Some students chose to take a textbook home with them on Friday 3/13. I posted the textbook pages you will need for the Chapter 4 packet so if you don't have a book at home you should be fine.
